

Gain Direct Insight into Intel IT's Best Practices

As IT professionals, managers, and executives, we all share the common mission to optimize IT investments and streamline operations to create value for our businesses.

Intel IT maximizes business value through proactive investment, innovation, and implementation of IT best practices—enabling our organization to be an agile and responsive partner to Intel's business and product groups.

Learn more about our strategic planning methods and solutions for business intelligence, employees, and data centers at www.intel.com/IT.

Engage with Peers Around the World

The IT@Intel program connects IT professionals, managers, and executives around the world with peers inside our organization—sharing insights, lessons learned, tools, methods, strategies, and best practices with one simple goal in mind: to unleash the value of IT.

Find us.

Explore technical white papers, briefs, videos, and blogs for the inside story on Intel's own IT experiences at www.intel.com/IT.

Use us.

Discover online tools based on the methodologies we use that can help you make informed decisions about IT investments.

Engage with us.

Share your perspective and own best practices inside our online community to help create innovative solutions to the common challenges we all face.

Join the conversation online and contact us to engage directly with Intel's IT leaders on today's most critical IT challenges.

STRATEGIC PLANNING SOLUTIONS

Managing IT Like a Business

We align IT investments and governance to long-term business goals while managing risk and maintaining compliance.

Explore our planning processes and tools, financial valuation techniques, information security practices, IT sustainability strategy, and more.

BUSINESS SOLUTIONS

Unleashing Business Intelligence

We streamline processes and deliver solutions to make Intel more competitive and help the business grow.

Learn how we support Intel's design, office, manufacturing, and enterprise computing environments by partnering with Intel business groups to deploy enhanced business solutions.

EMPLOYEE SOLUTIONS

Enabling Smart Workers with Smart Technology

Our solutions help all Intel employees work smarter and more efficiently while inspiring innovation, creative thinking, and collaboration.

Discover how we manage our PC fleet, boost mobility, increase employee productivity and flexibility, and get the most out of collaboration and social media solutions.

DATA CENTER SOLUTIONS

Paving the Way for Efficient Growth

Our strategies—optimize, utilize, invest—leverage the full potential of our data centers worldwide to increase overall efficiency and respond faster to business needs.

Find out how we use proactive server refresh, virtualization, storage optimization, facility design, cloud computing, and more to reduce costs, boost asset utilization, and meet growing compute and storage demands.

"IT is an essential partner in creating business value for Intel—supporting our growth, enabling productivity, and delivering efficiencies."

— Paul Otellini
Intel President and Chief Executive Officer
